Lectoescritura

Al manipular letras para crear palabras, tu pequeño podrá desarrollar una comprensión más profunda de cómo se forman las palabras y cómo las letras se combinan para crear un significado.

A continuación, te presentamos algunos ejercicios que ayudarán a fomentar las habilidades cognitivas, motoras y lingüísticas de tu pequeño, fomentando la estimulación para futuras habilidades de lectura y escritura.

Lectoescritura

"Uniendo Sílabas"

Objetivos:

Mejorar las habilidades de vocabulario y comprensión de palabras al unir fragmentos de imágenes con sílabas para formar palabras significativas.

Materiales:

- Imágenes fragmentadas con sílabas en cada parte de ellas.
- Lugar con suficiente espacio y sin distracciones.

Lectoescritura

Instrucciones:

- Explícale a tu pequeño que **van a formar palabras uniendo fragmentos de imágenes.**
- **Muestra ejemplos** de imágenes fragmentadas y cómo al juntarlas correctamente se forma una palabra.
- Proporciona una selección de imágenes fragmentadas con letras que formen diferentes palabras.
- **Puedes iniciar con palabras sencillas** e ir incrementando la dificultad conforme avance la actividad.
- Revisa junto con tu pequeño las palabras que han formado y corrige cualquier error.

Recomendaciones:

Imprime, recorta y enmica las tarjetas de esta actividad y utiliza un marcador de agua para marcar las respuestas, esto con la finalidad de que puedas borrarlo luego (gracias al enmicado).

De esa forma, **podrás reutilizar el material para practicar las veces que lo necesites.**
